

The real adventure begins here with the **PADI Advanced Open Water Diver Course**. You will be given the opportunity to take on some of diving most rewarding and useful specialty activities such as Deep Diving, Night Diving, Search and Recovery, Underwater Navigation and Underwater Naturalist. The

### **PADI Advanced Open Water Course**

gives you a whole new range of skills that make diving more than just underwater sightseeing!

The **PADI Advanced Open Water Course** is a great safe way to experience a variety of different types of diving under the professional supervision and guidance of a PADI Instructor.

### **Your PADI Advanced Open Water Course**

challenges you in the following areas: Underwater Navigation, Night Diving and Deep Diving. As well, Underwater Naturalist Dive - where you learn more about the underwater life such as different fish life, plants and other unusual animals and many other fascinating aspects of the underwater environment; Search and Recovery Dive - teaches you how to search for a lost object underwater and use a lift bag to recover them. Being a

### **PADI Advanced Open Water Diver**

enables you to dive the Pinnacle to a depth of 30 metres. This is a 27-40 metre dive site where we find the most Grey Nurse Sharks. You will be able to Night Dive sites like the Bull Ring and The Wall. It also means you are eligible to enroll in the PADI Rescue Diver Course, as this is the next step in your Continuing Education.

## **Are There Any Prerequisites?**

Anyone 12 years of age and over, with reasonable levels of fitness, medically fit to dive and is water confident. Divers with a keen sense of fun and adventure are perfect candidates. You must be certified as an Open Water Diver or Junior Open Water Diver.
